## I AM JANA KLÍMOVÁ <sup>30YO</sup> AND THIS IS MY PRINT RESUME

See it live online at: [klimacka.eu/en\\_cv.html](http://klimacka.eu/en_cv.html)

### ABOUT

I am a web developer with full-stack background that has been lately focusing mainly on frontend development. I prioritize comfortable UX, maintainability, efficiency and code reuse.

I've been doing web stuff for about 20 years, 15 years commercially, so not only do I know the new stuff buzzing right now, but I've been doing the job when IE 6 and PHP 4 were around and Chrome was not yet a thing.

I have experience with both Windows and Linux stacks, using popular technologies (*like C#, .NET, React, Angular, Vue, PHP, Python, MySQL, Apache, nginx, IIS etc.*) and also not-so-popular ones (*like Nest, Pug, TAL, ZODB, Plone, PHPTAL*).

Over the years I've been using various languages: (*C, PHP, Python, Java, C#, JavaScript, etc.*) Few years back I fell in love with TypeScript and currently I am trying to keep writing vanilla JavaScript to minimum in favor of said TS.
